Instructions

You **may** use a calculator to answer any questions in this test.

Work as quickly and as carefully as you can.

You have **45 minutes** for this test.

If you cannot do one of the questions, **go on to the next one**.
You can come back to it later, if you have time.

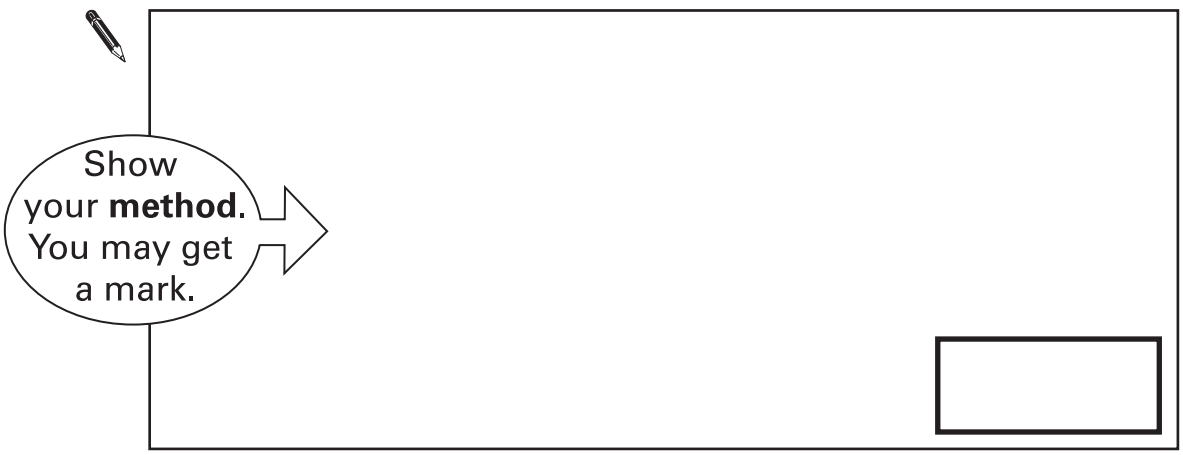
If you finish before the end, **go back and check your work**.

Follow the instructions for each question carefully.

This shows where you need to put the answer.

If you need to do working out, you can use any space on a page.

Some questions have an answer box like this:



For these questions you may get a mark for showing your method.

9 Jemma thinks of a number.

She says,

'Add 3 to my number and then multiply the result by 5
The answer is 35'

What is Jemma's number?

9a

1 mark

Riaz thinks of a number.

He says,

'Halve my number and then add 17
The answer is 23'

What is Riaz's number?

9b

1 mark

10 Write in the missing number.

$$32.45 \times \square = 253.11$$

10

1 mark
